Dear Sir.

In reply to your esteemed favor of yesterday. We desire to state that we had no reference to the foundations and bed plates of the Engine, but to the foundations and bed plates for the Dynamo Machines, which we are informed by our Mr. Sellers are not ready for the Machinery to be put in position, there under the Contract, all to be built by you, and the work is in the hands of the Engineer of the Mint. We beg to refer you to the correspondence you have on this subject. We are prepared to go right on with the work, and finish it rapidly whenever the foundations are finished and ready to place the Machines in position.

Trusting this explanation is satisfactory, and again expressing our desire to save you any annoyance in the matter, We remain

Very Truly Yours
